The Fund Company

SICO Funds Company IV B.S.C.(c), is a closed joint stock company incorporated under the laws of Bahrain to create the Fund. The Fund Company approved by the CBB is incorporated as a Bahraini joint stock company (closed) with Commercial Registration No. 73323, whose registered address is Office #11, Building #135, Road # 1702, Block # 317, Manama, Bahrain.

The primary objective of the Fund Company is to issue Units by way of Instruments that are contractual obligations between the Investors and the Fund Company.

The establishment of the Fund Company and its Memorandum of Association and Articles of Association have been approved by the Ministry of Commerce in Bahrain in accordance with the Commercial Companies Law, and by the CBB.

The fixed duration of the Fund Company is twenty-five years from the date of registration of the Fund Company i.e. November 15, 2009 in the Commercial Registry. Such duration may be extended by resolution of the Fund Company's shareholders with the prior approval of the Ministry of Industry & Commerce and the CBB.

The authorized share capital of the Fund Company is BD 1,000 divided into 100 shares. Except for one share, all shares of the Fund Company are owned by SICO. The personal liability of the shareholders in the Fund Company for its debts or obligations is limited to the amounts they have subscribed to the capital of the Fund Company.

4. INVESTMENT POLICY

Investment Objective and Policy

The primary objective of the Fund is to seek long-term capital appreciation. The Fund will aim to achieve this investment objective by investing in equity securities listed in Saudi Arabia. From time to time, the Fund may also invest in equity related, hybrid and debt securities in addition to unlisted debt securities issued by the governments or quasi government institutions.

Investment Strategy

The Investment Manager believes that regional economies continue to offer capital appreciation opportunities for long-term Investors. In order to capture this expected growth, the Investment Manager intends to utilize a bottom-up approach to identify securities that are expected to generate long-term capital appreciation. The Investment Manager will adopt a stock picking approach to develop a concentrated portfolio of companies that are expected to meet the objective of the Fund. Instead of attempting to outperform a particular index, the Investment Manager will aim to achieve stable capital appreciation over the long-term by investing in a combination of companies at various stages of their life cycle in order to manage the overall risk profile of such portfolio. The Investment Manager will continuously assess market conditions and dynamically adjust asset classes as well as country allocations in order to efficiently manage the Fund.

The investment process would be research-based where all investment decisions are made in light of detailed and in-depth equity research and analysis. The Investment Manager will attempt to visit companies across the region in order to gain a better understanding of the business dynamics of the companies in which the Fund may invest. The Investment Manager will rely mainly on its proprietary research to make investment decisions; however, research produced by external sources will also be utilised in the process.

Typically, the Investment Manager will not try to actively trade the markets and will attempt to establish positions that will help in achieving the long-term objective of the Fund. The long-term approach in the investment process will enable the Investment Manager to minimize trading costs that can be substantial in emerging markets. This approach will also increase the Investment Manager's focus on the fundamentals of the businesses in which it invests rather than on short-term market volatility.

General Restrictions

In attempting to achieve long-term capital appreciation for the Fund, the Investment Manager would be required to adhere to the following restrictions that have been stipulated by the Directors:

- a) The fund shall invest in equities up to a minimum of 60% of its NAV in equities in the Kingdom of Saudi Arabia, however, the fund may maintain cash up to 100% of its NAV for a maximum period of six months in case the Investment Manager believes that market conditions are unfavorable for investing;
- b) The Fund shall not invest more than 10% of its NAV in any equity security. However, if the weight of the security in benchmark i.e. S&P Saudi Index is higher than 10%, then the fund may invest up to the benchmark weight or 20% whichever is lower.
- c) The fund shall not invest more than 20% of its NAV in a group of connected parties for both equity and cash positions;
- d) The Fund shall not invest more than 20% of its NAV in equity-related and hybrid securities (e.g. convertible bonds) and not more than 40% of its NAV in debt securities provided that the aggregate of equity-related, hybrid and debt securities does not exceed 40% of its NAV;
- e) The Fund shall not invest more than 20% of its NAV in equity or debt securities that are being offered for listing (initial public offering) on the stock markets of the GCC Countries;
- f) The Fund shall not invest more than 20% of its NAV in other collective investment schemes (provided that the Fund will not invest more than 10% in one collective investment scheme) that principally invest in equity, equity-related or hybrid debt securities in the GCC Countries;
- g) The Fund may borrow up to a maximum of 20% of its NAV by pledging assets of the Fund only as a temporary measure to finance its operations and not to seek leverage;
- h) The Fund shall not make any investments that would expose it to unlimited liability;
- i) The Fund shall not deal short or on margin;
- j) The Fund will not enter into any transaction with the scheme's operator and/or any other service providers;
- k) The Fund will not make any loan or give any guarantee; and
- l) The Fund will not take or seek to take legal or management control over the issuers of any of its underlying investments.

Legal Limitations

In managing the Fund, the Fund Company and the Investment Manager will comply with the requirements of Bahrain Law and other relevant laws. In particular, the Fund Company and the Investment Manager will, and will cause the Fund to, comply with the requirements of CBB's Collective Investments Undertakings Regulations as contained in the CBB rulebook, Volume 7, Capital Markets Collective Investment Undertaking Module and subsequent supplementary regulations that have been approved and issued by the CBB. Derogation from such requirements is only permitted subject to the approval of the CBB.

5. RISK FACTORS

An investment in the Units involves certain risks relating to the investment strategies of the Fund Company and the Investment Manager. No representation is hereby made that the Fund's investment objective will be achieved. The following is intended as a summary of certain investment considerations and risks associated with this investment, but is not exhaustive and must be supplemented by the Investors' own analysis of, among other things, Investors' personal or corporate financial circumstances.

Emerging Market Risk

The generally accepted accounting, auditing and financial reporting practices in emerging markets may be significantly different from those in developed markets. In relation to mature markets, the regional markets on the other hand have a low level of regulation, enforcement of regulations and monitoring of investors' activities. In addition, the securities markets of these countries are not as large as the more established securities markets and may at times have substantially less trading volume, resulting in a lack of liquidity and high price volatility. There may be a high concentration of market capitalisation and trading volume in a small number of stocks as well as a high concentration of investors and financial intermediaries. These factors may adversely affect the timing and pricing of the Fund's acquisition or disposal of securities. The GCC markets have at times exhibited high volatility and sudden decline in prices of equities and therefore cannot be assured to give stable and/or positive returns in the future. Therefore, the Fund's return may be expected to fluctuate in response to changes in the value of the underlying investments.

Currency Risk

The Fund will invest in GCC Countries a majority of which operate under a fixed exchange rate regime with their currencies pegged to the U.S. Dollar. The price of the Unit is denominated in U.S. Dollars and any shift in the fixed exchange rate of any country may potentially expose Investors to adverse fluctuation in returns.

Term of Investment

Equity investments by their very nature are high-risk investments with possible sudden decline in prices due to various factors resulting in a potential loss of capital. Therefore, investment in the Fund should be regarded as a high-risk investment, and there can be no guarantee that the Investment Manager will achieve the Fund's objective and the Investor will recover the full amount invested. Furthermore, an investment in the Fund should be viewed by applicants as of a long-term nature.

Absence of Voting Rights

Investors in the Units have no voting rights and do not participate in the management of the Fund Company or the Fund. Investors generally have no right to influence the management of the Fund whether by voting against, withdrawing, removing or replacing the Investment Manager or otherwise. Furthermore, Investors have no right to terminate any agreement to which the Fund is or may be a party.

Legal Status

The Fund is a collective investment scheme created by the Fund Company, and is structured as a contractual arrangement between the Fund Company and the Unitholders. This contractual arrangement is regulated and supervised by the CBB. The Fund is intended to be separate from the Fund Company and from other collective investment schemes launched or marketed by the Fund Company if any.

The Fund is not registered under the Commercial Companies Law. Therefore, the Fund does not have a separate legal status and the extent to which a Bahraini government agency or a Bahraini court, acting in the context of insolvency proceedings or proceedings for determining the Fund's liabilities, would uphold such distinction between the legal status of the Fund and that of the Fund Company and other collective investment schemes of the Fund Company is unclear and to our best knowledge untested.

Absence of Transferability of Units

It is not anticipated that there will be a public market for the Units. The Units may not be directly or indirectly sold, transferred or assigned, by operation of law or otherwise, in whole or in part, without the prior written consent of the Investment Manager, which may be granted or withheld in its sole discretion. Any attempt to transfer Units, other than by way of redemption in the manner described in this Information Memorandum, constitutes a tender to the Investment Manager for the redemption of Units.

Conflicts of Interest

Under Bahrain Law, an Investment Manager is obligated to act for the benefit of the Fund with respect to matters within the scope of the Investment Management Agreement. The Investment Manager, in connection with the Fund, will, to the extent described in this Information Memorandum, also act as seed investor in the Fund. The Directors will seek to ensure that no actual conflict of interests will arise.

The Investment Manager may provide investment management services to funds and managed accounts other than the Fund. These funds and accounts may have fee structures or other features that are different from or more beneficial to the Investment Manager than those of the Fund. Although the Investment Manager has contractually committed to treating all accounts fairly, this may create the appearance of an incentive on the part of the Investment Manager to favour accounts with more beneficial structures, and it is therefore possible that any of them may in the course of business, have potential conflicts of interest with the Fund. In the event of an actual conflict arising, the Directors will endeavour that such a conflict will be resolved fairly.

Neither the Administrator, the Investment Manager, nor the Custodian will be devoting their full business efforts to the activities of the Fund. This may involve a conflict of interest with respect to the commitment of resources. The Investment Manager intends to devote sufficient time to the Fund's activities to properly manage or provide investment advice to the Fund.

Custodial Risk

Risks exist with respect to the operations and services offered by the Custodian. The assets of the Fund will generally be held by the Custodian directly or through its agents, sub-custodians, or delegates pursuant to the Custodian Agreement. The Custodian may also, on the instructions of the Fund or the

Fund Company, open accounts with any bank or financial institution (including any bank or financial institution which is not a member of HSBC group) and instruct the Custodian to place cash of the Fund in such accounts. The Custodian shall control, operate, and monitor the bank accounts but will not be responsible or liable to any person whatsoever, (including the Fund and the Funds Company) in respect of any loss of the cash, securities and/or other assets comprising the assets of the Fund held in such accounts or not deposited with or held to the Custodian's order, occasioned by reason of the liquidation, bankruptcy or insolvency of such bank, financial institutions or other persons.

Economic and Political Stability

Investment in GCC Countries may carry a high degree of economic and political risks. On the economic front, the economies of GCC Countries, while striving to diversify, are primarily oil-driven economies. A prolonged period of low oil prices can potentially affect the economic health of the GCC Countries' economies and may result in an overall recession in the region.

Taxation

The Fund Company, with the assistance of the Investment Manager, will take reasonable steps to mitigate the Fund's tax liabilities (if any). Investors should review carefully this Information Memorandum and the Subscription Agreement and discuss with their tax advisors the specific tax and other consequences of investing in the Fund.

Mandatory Redemption

Compulsory redemption may result in the liquidation of investments under conditions less favourable as the liquidity of some of the underlying assets may not allow for an orderly liquidation at the prevailing market prices, and consequently result in loss to Investors.

The foregoing is not a comprehensive list of investment risk factors, and potential Investors are urged to consult with their professional advisors as to the legal, regulatory, tax and business risks involved in this Fund.

6. SUBSCRIPTIONS AND REDEMPTIONS

Initial Offering

An Initial Offering of 2,000,000 Units at the price set out in the paragraph “Subscription Price” in the section headed “Definitions” is being made. The Directors of the Fund Company reserve the right to increase or reduce the size of the Initial Offering.

Applications should be for a minimum initial investment of US\$ 100,000.

Initial Offer Period

Applications for the purchase of Units under the Initial Offering should be made by the Closing Date. The subscription monies in cleared funds must be paid by 12 noon on the Closing Date. If the Subscription Agreement and/or cleared funds are received after the deadline, it will (unless otherwise determined by any of the directors of the Fund Company) be treated as a request for subscription on the next Subscription Day.

Further Subscription

Units can be subsequently subscribed for on each Subscription Day provided the Fund has received a completed Subscription Agreement at least two Business Days prior to such Subscription Day (subject to the discretion of the Directors to waive such notice) and following receipt of cleared subscription monies by 12 noon on the Business Day immediately preceding the relevant Subscription Day. Any late subscription may be approved by any of the Directors at their discretion.

Subscription Price

Units will be offered subsequent to the Initial Offer Period on each Subscription Day at the NAV calculated for Units on the relevant Dealing Day plus a subscription fee of 2% thereon, provided that the minimum initial subscription is US\$100,000. However, the Directors or the Placement Agent, acting in their sole discretion, may increase the minimum subscription amount.

The Fund encourages payment of monies in U.S. Dollars. If the Investor pays for Units in any currency other than the U.S. Dollar, subscription amount will be converted at the exchange rate as obtained by the Fund. The exchange rate used to convert such currency may be subject to change if a fluctuation in the exchange rate should take place between the date on which payment for the Units is received and the day on which the payment is converted into the Base Currency of the Fund i.e. U.S. Dollar. Any such exchange rate fluctuation risk is the responsibility of the Investor and neither the Fund, the Fund Company, the Investment Manager, the Placement Agent nor the Administrator will be liable in any way for such risk. No third party payment will be accepted.

Subscription Agreement

Prospective Investors will be required to complete and return the Subscription Agreement. The completed Subscription Agreement should be sent to the Placement Agent or its delegate, or an authorised placement agent, details of which are provided in the Subscription Agreement, and must be received at least two

Business Days prior to the relevant Subscription Day (or such later time as may be agreed by the Directors of the Fund at their sole discretion). The subscription monies in cleared funds must be paid by 12 noon on the Business Day immediately preceding the relevant Subscription Day. If the Subscription Agreement and/or cleared funds are received after the deadline, it will (unless otherwise determined by any of the Directors of the Fund Company) be treated as a request for subscription on the directly succeeding Subscription Day unless the Fund Company or the Placement Agent determines otherwise.

The completed Subscription Agreement will (save as determined by the Fund Company) be irrevocable and may be sent by facsimile at the risk of the applicant. The originals of any Subscription Agreement sent by facsimile should be sent immediately by post or by internationally recognised courier. Failure to provide the original Subscription Agreement may at the discretion of the Directors result in cancellation of the allotment of the Units.

Issue of Units

Units will be issued in electronic form. The Registrar will maintain the official register of Units. Units shall be accounted for in fractions up to four decimal places, with the fifth decimal being rounded up if it has a value of five or higher.

Confirmations will be sent to applicants on approval of their application (i) soon after the relevant Subscription Day and (ii) once NAV of Units has been calculated setting out details of the Units they have been allotted.

Combating Money Laundering

The Fund will comply with Bahrain's Legislative Decree No. (4) of the year 2001 with respect to Prohibition and of Combating Money Laundering and the various Ministerial Orders issued there under including, but not limited to, Ministerial Order No. (7) of 2001 with respect to the Institutions' Obligations Concerning the Prohibition of and Combating Money Laundering and any other regulations (AML or Terrorist Financing) issued by the CBB from time to time.

The Fund, the Fund Company and their duly appointed agents, who introduce the Investors to the Fund are responsible for 'Know Your Client' (KYC) exercise on the Investors, and commit to undertaking the due diligence exercise and complying with applicable anti-money laundering rules and regulations in the relevant jurisdictions of operation. However, the Placement Agent is the main entity responsible for Anti Money Laundering and KYC.

As a result of the applicable anti-money laundering regulations, identification documentation is required along with the subscription request for Units. The Directors, the Placement Agent and the Investment Manager reserve the absolute right to require further verification of the identity of each potential Investor or that of the person or entity on whose behalf the potential Investor is applying for the purchase of the Units and/or the source of funds. This will be used to comply with these regulations and to verify the identity of the Investors and will remain confidential. Each potential Investor will be required to provide satisfactory evidence of identity and if so required the source of funds within a reasonable time period determined by the Fund. Pending the provision of such evidence, application for Units will be postponed. If a potential Investor fails to provide satisfactory evidence within the time specified, or if the a potential Investor provides evidence but the Fund is not satisfied therewith, the application may be rejected immediately in which event the money received on application, if any, will be returned without interest payment.

The Investor may not need to provide documentation to the Fund Company if the Investor has an existing investment in the Fund and has already provided documentation or has already provided evidence of identity to the Fund Company. In the event of none of the foregoing applying to an Investor, the Investor may be required to provide proof of identity to the Fund Company as set out in the Subscription Agreement. Pooled funds or financial intermediaries will also be required to provide money-laundering regulations compliance declaration. The ultimate beneficial owners of the investment will be required to provide documentation, notwithstanding that the investment in the Fund may be made by another entity on their behalf. The Fund reserves the right to share relevant information of the Investors, for the purposes of satisfying internal compliance and anti-money laundering procedures, with the Fund's associates including its Custodian and Administrator.

Redemption

Units can be redeemed on a weekly basis on each Redemption Day after the closing period by giving a notice to that effect to the Registrar two Business Days prior to the relevant Redemption Day.

Redemption Price

The redemption price will be equal to the NAV calculated by the Administrator on the relevant Dealing Day (see Section headed "Determination of Net Asset Value").

Redemption Request Form

A request for redemption must be made on the Redemption Request Form and once submitted to the Registrar or the Placement Agent, may not be withdrawn by the Unitholder except on suspension of redemptions, otherwise, the consent of the Fund Company is required for any withdrawal of a redemption request. A redemption request sent by fax or other means of communication will have to be accompanied by the duly filled Redemption Request Form sent by courier as soon as it is practicable.

Payment of Proceeds

Redemption proceeds will be paid in cash. Cash payments will be made in U.S. Dollars and will be remitted by way of cheques or by wire transfer upon request to the account (held with a licensed institution) designated by the Investor in the Redemption Request Form after deduction of all relevant expenses. No proceeds will be paid until the Registrar is in receipt of the original Redemption Request Form duly signed by the Investor or its designated authorized signatories. Any amount redeemed will be paid within three Business Days from the relevant Redemption Day.

Partial redemption resulting in an Investor to have an interest of less than the minimum initial investment (US\$ 100,000) will be considered as a request for redeeming the Unitholder's entire holding unless the Fund Company otherwise determines in its sole discretion.

Liquidity Constraints on Redemption

If the Fund receives a net redemption request (redemption amount less subscription amount) from an Investor or Investors on a particular Redemption Day exceeding 5% of the Fund's NAV, the Fund Company will be entitled to redeem the redemption amount up to 5% of the NAV on a pro rata basis, or in such manner as the Fund Company may deem appropriate. Requests for redemption of Units, which cannot be met on any one Redemption Day, will be carried forward to the next Redemption Day, subject to the same provision.

Mandatory Redemption

In accordance with the Instrument, and by giving an Investor a minimum of seven days notice, the Fund Company may compulsorily redeem any Units if the Fund Company determines (in its absolute discretion) that those Units are purchased or held by, or for the benefit of, a U.S. Person, or by a person other than an Expert Investor.

In addition to the above, the Fund Company, acting at the recommendation of the Investment Manager, reserves the discretionary right to completely or partially redeem Units held by any Investor at any time for any reason. The Investor will be notified in writing of such redemption. Neither of the Fund, the Fund Company, the Investment Manager, or the Placement Agent will be in any way liable to any Investor by reason of such mandatory redemption.

The Fund may, in its absolute discretion, redeem all outstanding Units in the event of an exceptional decline in the value of the Fund's assets or a decline in the Fund's assets due to redemptions to a level insufficient to sustain normal trading by the Fund.

Suspension of Subscription and Redemption of Units

Subject to the approval of the CBB, the Fund may (but is not required to) temporarily suspend the determination of the NAV and subscription and redemption prices in respect of any Dealing Day upon the occurrence of one or more of the following events:

- (a) when the market or markets in which a substantial portion of the Fund's assets are invested or traded is or are closed otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended in a way that affects the valuation of the Fund's assets or where trading is restricted or suspended in respect of securities forming a material part of the Fund's assets;
- (b) the existence of any state of affairs as a result of political, economic, military or monetary events or circumstances outside the control of the Fund Company, including but not limited to delay in settlements, and where disposal of assets is not reasonably assured without materially affecting the value and interests of continuing Unitholders and calculation of a fair price;
- (c) any breakdown in the means of communication or computation or otherwise normally employed in determining the price or value of any of the investments made by the Fund for calculating the NAV of Units or valuing a significant portion of the investment of the Fund, or if the value of any asset or assets which is material to the calculation of NAV of Units may not be determined as accurately or rapidly as required;
- (d) imposition of foreign exchange restrictions or other restrictions affecting the transfer of funds and transactions on behalf of the Fund and potentially having a material impact on normal activities of the Fund including but not limited to purchase and sale transactions and flow of funds from one country to the other; or
- (e) if an order by a Bahraini court or Bahraini regulatory body, including the CBB, is issued requiring such suspension.

During the suspension period in relation to the calculation of the NAV, the Fund will not issue or redeem Units and the Investors will not transfer Units. Any suspension of more than fifteen business days will be notified to the Unitholders. Any application received for subscription or redemption during the above said period shall be carried forward to the next Dealing Day. All possible steps will be taken to bring the period of suspension to an end.

The Fund is an open-ended scheme. The Fund Company may seek to list the Fund on the stock exchanges of any of the GCC Countries. The Investment Manager does not intend at this time to make a secondary market in the Units.

2. For the purposes of the determination of the Fund's NAV, the assets of the Fund are separate from the assets of the Fund Company and from the assets of other collective investment schemes created or marketed by the Fund Company.

- a) The value of any cash in hand or on deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof unless the Directors shall have determined that any such deposit, bill, demand note or account receivable is not worth the full amount thereof in which event the value thereof shall be deemed to be such value as the Directors shall deem to be the reasonable value thereof.
- b) Except in the case of any interest in a unit trust, share trust, mutual fund corporation, open-ended investment company or other similar open-ended investment vehicle (a 'managed fund') to which paragraph (c) applies and subject as provided in paragraphs (d), (e) and (f) below, all calculations based on the value of investments quoted, listed, traded or dealt in on any stock exchange, commodities exchange, futures exchange or over-the-counter market shall be made by reference to the **official close** on the principal stock exchange for such investments as at the close of business in such place on the day as of which such calculation is to be made; and where there is no stock exchange, commodities exchange, futures exchange or over-the-counter market all calculations based on the value of investments quoted by any person, firm or institution making a market in that investment (and if there shall be more than one such market maker then such particular market maker as the Directors may designate) shall be made by reference to the mean of the latest bid and asked price quoted thereon; provided always that if the Directors in their discretion consider that the prices ruling on a stock exchange other than the principal stock exchange provide in all the circumstances a fairer criterion of value in relation to any such investment, they may adopt such prices.
- c) Subject as provided in paragraphs (d), (e) and (f) below, the value of each interest in any managed fund which is valued as at the same day as the Fund shall be the net asset value per unit, share or other interest in such managed fund calculated as at that day or, if the Directors so determine or if such managed fund is not valued as at the same day as the Fund, the last published net asset value per share, share or other interest in such managed fund (where available) or (if the

same is not available) the last published redemption or bid price for such share, unit or other interest.

Where accurate pricing of assets is not possible, the Administrator will discuss the procedure with the Directors of the Fund Company.
- f) Notwithstanding the foregoing, the Directors may, at their absolute discretion, permit some other method of valuation to be used if they consider that such valuation better reflects the fair value.
- g) Any value (whether of a security or cash) otherwise than in US Dollars shall be converted into US Dollars at the rate (whether official or otherwise) which the Directors shall in their absolute discretion deem appropriate to the circumstances having regard, inter alia, to any premium or discount which they consider may be relevant and to costs of exchange.

The Fund will also pay the annual expenses related to the registration and other expenses due to supervisory authorities and are related to the Fund Company. The accounting treatment for such expenses will depend on their nature and will either be posted directly to the NAV, accrued or amortized.

10.DIVIDEND POLICY

It is the intention of the Directors to declare dividends on the Units. The source of such distributions shall be from dividend as well as interest income on assets held by the Fund Company on behalf of the Fund. The Fund Company may, at the sole discretion of the Directors, and subject to the approval of the CBB pay dividends out of realised and unrealised capital gains achieved by the Fund.

At the election of each Unitholder the dividend will be paid in cash or reinvested in additional Units of the Fund. This election should initially be made on the Subscription Agreement and may be changed upon written notice to the Fund Company at any time prior to a record date that would be announced by the Fund Company for each Financial Year for a particular dividend or distribution. Such reinvestment of dividends will be made at the NAV per Unit as per the Dealing Day immediately preceding the pay date. No subscription fees will be levied in connection with the reinvestment of dividends.

Payment of the dividend shall be made to the account of each Unitholder as indicated in the register of the Fund. Cheques representing the annual cash dividend payment, if any, will either be sent through registered post to the address of the Unitholder as appearing in the Fund Register, or collected by the Unitholder in person from the Registrar, within fifteen calendar days from the date on which dividend payments are made. In cases when a Unitholder elects to reinvest the dividend in additional Units, a certificate will be issued to the Unitholder representing this reinvestment.

There can be no assurance that the Fund's investments will be successful or the investment results for any one Financial Year justify the payment of dividends. Thus, there can be no assurance that annual dividends will be declared. The declaration and payment of dividends will be in accordance with the Instrument and this Information Memorandum and is in the sole discretion of the Directors. It is therefore possible that no dividend payments will be made during the life of the Fund.

11. TAX AND EXCHANGE CONTROL CONSIDERATIONS

As at the date of this document the Fund Company was advised that there are no income, capital gains, withholding, inheritance, or estate taxes in Bahrain applicable to the Fund, nor is there any stamp duty payable in Bahrain on the transfer, sale or purchase of Units. Under current law, the Fund Company and the Fund will not be subject to tax in Bahrain on its profit, income, gains or appreciation arising in Bahrain or elsewhere.

Accordingly, dividends (if any) received by the Fund and gains (if any) realized by the Fund are not currently subject to tax in Bahrain. Furthermore, fees received for services rendered by the Fund and the Fund Company are not subject to tax in Bahrain.

A Unitholder will not be subject to Bahrain tax with respect to any dividend received on the Units (including distributions received upon liquidation of the Fund and the Fund Company or with respect to any gains realized upon the sale or redemption of the Units). Bahrain does not currently impose any withholding taxes. Accordingly, no withholding on account of any Bahrain tax is required by the Fund Company or the Fund with respect to any dividend distributions made to a Unitholder or any gains realized by such Unitholder upon the sale, redemption or exchange of the Units.

Individual Unitholders, whether resident in Bahrain or not, are not subject to any Bahrain gift, estate, inheritance or similar taxes solely by reason of the ownership of the Units.

There are no currency or exchange control restrictions currently in force under Bahrain law and the free transfer of currency into and out of Bahrain is permitted, subject to any international regulations in force from time to time.

In the event that there is any material amendment or change to Bahrain law in connection with the matters referred to above, the Investment Manager will notify the Unitholders of such amendment or change in the next following report that is circulated to the Investors after such amendment or change has come to the attention of the Investment Manager.

Potential Investors should ascertain from their professional advisors the consequences of acquiring, holding, redeeming, transferring or selling Units under the relevant laws of the jurisdictions to which they are subject, including any tax consequences and exchange control requirements.

The Fund Company makes no representation regarding the tax implications accruing to any particular Investor with respect to his, her or its own investment in the Fund. All Investors are urged to obtain independent tax advice prior to subscribing for Units.

12. SEED CAPITAL AND INVESTMENTS

The Operator, in connection with the Fund, will also act as a seed investor. Furthermore, from time to time, the Operator may make additional investments into the Fund which are to be treated separately from the seed investments. Any subscription and/or redemption by the Operator for either seed capital or additional investments shall be subject to approval from the CBB. The Unitholders will be notified of the changes in both seed and additional investments by the Operator in a timely manner.

Note that as of September 30, 2013 the seed investments amount to US\$ 2 million while the additional investments amounted to US\$ 3 million.

13.LIFE AND LIQUIDATION OF THE FUND

The Fund is an open-ended collective investment scheme, but the duration of the Fund is subject to the duration of the Fund Company, which is twenty five calendar years commencing from the date of registration of the Fund Company i.e. November 15, 2009 in the Commercial Registry. This duration may be extended by a resolution to be adopted by an extraordinary meeting of the general assembly, in the manner provided for in the Commercial Companies Law, of the Fund Company with the approval of the Ministry of Industry and Commerce of the Kingdom of Bahrain and the CBB.

In accordance with the Instrument, the Fund may be liquidated earlier if the Directors and shareholders in the Fund Company so resolve as a matter of extraordinary business at any time without penalty to any party involved. The Fund may also be liquidated upon the direction of the CBB.

In the event of an exceptional decline in the value of the Fund's assets or a decline in the Fund's assets due to redemptions to a level insufficient to sustain normal trading by the Fund, the Fund Company may have to liquidate or voluntarily liquidate positions or cease trading and terminate the Fund.

If the Fund should be liquidated, its liquidation will be carried out in accordance with the laws, which specify the steps to be taken to enable Unitholders to participate in any liquidation distributions. Under Bahrain Law, termination of the Fund requires a prior written consent of the CBB and that reasonable notice be given to Investors. Upon liquidation of the Fund, the assets of the Fund will be allocated to Investors after all amounts due to third parties, including those due under the contractual arrangements entered into by the Fund Company on behalf of the Fund and under Bahrain law, are satisfied.

Please refer to section headed "Subscriptions and Redemptions" for details in connection with mandatory redemption.
